We have audited the accompanying statement of financial condition of Rockdale Securities, LLC (the “Company”) as of December 31, 2025, and the related notes (collectively referred to as the “financial statement”). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of December 31, 2025 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. Note 2. Significant Accounting Policies

The Company follows accounting standards established by the Financial Accounting Standards Board (the "FASB") to ensure consistent reporting of financial condition, results of operations and cash flows. References to accounting principles generally accepted in the United States of America ("U.S. GAAP") in these footnotes are to the FASB Accounting Standards Codification™, sometimes referred to as the "Codification" or "ASC".

The Company prepares its financial statements in accordance with U.S. GAAP.

Furniture and Equipment

Furniture and equipment are recorded at cost and are depreciated over 5 years on a straight-line basis, which is the estimated useful lives of the assets.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

The Company did not earn any revenue during the year ended December 31, 2025. The Company shall recognize revenue in connection with the conduct of its activities in accordance with FASB Topic 606, "Revenue from Contracts with Customers", which stipulates that revenue is generally realized when, or as, the Company's performance obligations are satisfied by transferring the promised goods or services to the Company's customers.

Note 3. Income Taxes

The Company is taxed as a limited liability company, and, as such, all profits and losses are passed through to the individual members. As necessary, the Company may pay state franchise taxes and other required jurisdictions. Such payments will be recorded in the financial statements. The Company shall follow the provisions of FASB Accounting Standards Codification (ASC) Subtopics 740-10 Accounting for Uncertainty in Income Taxes. For the year ended December 31, 2025 no revenues have been generated so management has determined that there are no uncertain income tax provisions. As revenue is generated, the Company will continue to evaluate for uncertain tax positions into the future.

Note 4. Net Capital Requirement

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Note 8. Going Concern

In connection with the Company's assessment of going concern considerations in accordance with ASU 2014-15 "Disclosures of uncertainties about an entity's ability to continue as a going concern", management has determined that the Company has access to funds from an affiliate, that is under common ownership, that are sufficient to fund the working capital and minimum net capital needs of the Company for one year from the date of issuance of these financial statements and the ownership of both entities has committed to such funding.

Note 9. Segment Reporting

In November 2023, the FASB issued [ASU 2023-07](#), which introduces improvements to the information that a public entity discloses about its reportable segments and addresses investor requests for more information about reportable segment expenses. The ASU does not change the current guidance related to the identification of operating segments, the determination of reportable segments, or the aggregation criteria. Rather, the new guidance introduces additional disclosure requirements and expands those requirements to entities with a single reportable segment, not just entities with multiple reportable segments. The Company has determined that it operates in a single segment.

Note 10. Subsequent Events

The Company evaluated all events or transactions that have occurred since the acquisition in May, 2025 through the date these financial statements were available to be issued.
